

Cornell Cooperative Extension Erie County

Is your farm market, farm stand or greenhouse open with food and food growing supplies for sale?

[Please take this survey.](#)

Cornell Cooperative Extension of Erie County and our Agriculture Program Committee partners including Erie County Agriculture staff would like to make available a list of all our farms, greenhouses, market gardens and specialty crop operations open with products for sale. The list will include hours of operation, products available and best ways to purchase (on-line platform, website, etc). There is also an opportunity to share additional comments. We will post information to the list as it is received.

[Click this link to share your business name, contact information, website, products and purchasing info.](#)

If it's easier to share your information over the phone, leave Sharon Bachman a message at 716-652-5400 x 150 and she will call you back. If you have questions, email Jolie Hibit at jah663@cornell.edu.

Please share this with other farms/growers in Erie County who would be interested in participating.

Thank you for taking a few minutes to complete. As always, we at CCE Erie are here to support you.

[Links to information on our system wide responses to the Covid-19 crisis can be found here.](#)

About Cornell Cooperative Extension of Erie County

Cornell Cooperative Extension of Erie County puts knowledge to work to build stronger communities. CCE provides educational programs in Agriculture, 4-H Youth Development, Nutrition, and Consumer Horticulture.
