“Udderly” Gourmet

Orchard Park Middle Schoolers Make Homemade Butter

In May, your 4-H educator Caitlin visited Orchard Park Middle School, and over the course of three days, almost 300 students in sixth grade, seventh grade, and eighth grade learned how to make homemade butter. This butter was then used in their classes to make delicious desserts. Pictured in the newsletter are the eighth grader’s cupcakes with buttercream frosting, from their ‘Cupcake Wars’ contest. The sixth grade students made chocolate chip cookies, and the seventh grade students made sugar cookies.

June 2025 – Livestock Notes

The school year is almost over, and I know many of you have been busy getting your animals out to pre-season shows. I am sure you are all learning what you need to do with your projects to be in top notch condition for both yourself and your project come fair time. For our members, who have not participated in any shows, remember that you can be just as successful if you put the time into working with your projects at home. Get them out of the barn to experience different types of footing (grass, blacktop, driveways, etc.) work to gain their trust in you and your animal will do what you ask come fair time, but you have to put the work in now – don't wait until a week before the fair. Exercise is not the only thing to work on, pay attention to hooves, and hair coat along with the skin of your animal. Keeping the pen clean along with good ventilation is key to a successful project. Lastly, soon the weather will be hot, access to clean, cold, fresh water is a must for all of your animals.

Livestock Pre-season Shows: Have you participated in a livestock show that has not been published in the 4-H News? If you said yes, as long as you send a short report about what you learned, you will earn a meeting credit for that species. All reports are due within 5 business days of the event to be eligible for the credit.

WNY Preview Shows – Beef, Lambs, Hogs and Goats: Youth that entered and showed at the Preview Shows at the Erie County Fairgrounds will automatically receive credit for a species meeting for each of the shows you were entered in. Members that did not take an animal to receive credit please submit a short report about what you learned from “watching and listening”. Reports for these shows are due by June 20 to receive credit.

Livestock Interviews: Mark your calendar to attend one of the livestock interview dates to fulfil your animal show requirement. Dates they will be offered are Tuesday, July 1, Thursday, July 17, Wednesday, July 23 and Monday, July 28. Register by June 23, 2025 at

https://pub.cce.cornell.edu/event_registration/main/events_landing.cfm?event=LivestockInterview-25-2-2_214 by

Fair Entries will close on Monday, July 7, 2025. Fair entries are now open at <https://www.ecfair.org/p/competitions/4h--ffa/4h--ffa>

Livestock t-shirt Design: Do you like to design t-shirts? Take the fair theme and create a t-shirt logo for our livestock t-shirts for the fair. Designs must be submitted no later than Friday, July 11 for consideration. Please be sure they are 8 ½ x 11 and in black and white. They can be hand drawn (but must be very dark) or computer generated.
