DATES AHEAD:

Board of Directors Meeting *Roycroft Campus Powerhouse* Feb. 28th (Tues), 7 PM

4-H Program Advisory Committee meeting minus December 8, 2022

In attendance - Sara, Bill, Marcia, Talisa (virtual), Kristi, and Catherine

Meeting called to order by a motion from Bill with a second from Marica at 6:43 pm

<u>Approve meeting minutes from September</u> - Catherine motions to approve, Bill seconds, all in favor, Marcia, Kristi, and Talisa, so approved.

<u>Educator updates</u> - Sara: New educator Madelyn to start in January. Would like to have an open house to meet the new educator - ice cream social maybe? What dates and times work best? Saturday am was suggested for the largest potential participation.

<u>Updates on needs assessment</u> - Committee went through some of the answers together to get a sense of the amount and nature of the responses. Please put the needs assessment survey on the website with maybe a separate email (not in the speed read) coming from Lynn to encourage participation. The officers training in January and Public Presentations would be a good place to deploy the needs assessment survey.

<u>Committee membership</u> - Bill would like to step down and have no committee involvement at this time, Talisa would like to step away from her current officer position but agreed to stay on until the position can be filled, Catherine would also like to step down but has plans to return after a year break. 3 new advisory committee members are needed.

<u>Additional</u> -Committee discussed some highlights of the year in terms of the committee and direct success.

- The visibility of the committee improved (Marcia)
- Had a large event (Bill)
- Commitment and passion of the committee (Talisa)
- Willingness of committee to work through conflict (Sara)
- See all of the angles and different perspectives of 4-H (Catherine)

Discussed a need to make all the forms available online and more importantly a central reference document with due dates of those forms and language that expresses those forms aren't enrollment forms but serve as a way to get on the corresponding listserv. This will hopefully help combat missed deadlines and the all too familiar feedback of, "I didn't know there was [an informational] meeting.

Next Meeting - January 19 @ 6:30 pm virtual. Hold 2/16 & 2/21 @ 6:30pm for Feb's meeting.

Meeting adjourned by a motion from Marcia with a second from Catherine at 7:36 pm

4-H Youth Development Program Advisory Committee Meeting Minutes 1/19/23

Location: Zoom

Time: 6:30pm-7:00pm

In attendance: Tracy Galuski, Bill Donovan, Catherine Konieczny, Marcia Duffy, Tammi Kron, Sara Jablonski, Maddie Webb, Kristie Hawley, Talisa King

Maddie introduced herself as the new 4H educator

- Call to order and the 4H pledge
- Topic of discussion, new members. We discussed three applications: Jackie Vergien, Mahisa Mannan, Maimuna Mannan

Discussion around whether or not 2 family members can participate, it was determined they can both participate based on past precedence. However, Sara will check to be sure they can both vote.

-Sara's follow up note – She confirmed with Diane that we do have a CCE policy that two family members cannot both vote when they're on the same committee.

Jackie Vergien, Mahisa Mannan, Maimuna Mannan were voted in as members with a unanimous vote. Bill included his name as a candidate for another term.

Next meeting dates: February 13 and 16 put on hold – TBD.

b. **Annual Volunteer Forms** were requested in early December. Sharon will have Jolie follow up with those MGs who have not yet submitted their forms.

c. **2023 Orientation for Steering Committee** Sharon asked Treasurer Vicki Bruning to give a brief summary of how to request funds for MG activities.

SC members were reminded to work through the office before spending or committing to spend any money. Requests <u>over</u> \$25 need prior approval by the SC, preferably 2 months in advance. Expenses \$25 and less, considered petty cash, should be cleared through Sharon before an outof-pocket purchase is made by any MG in order to be reimbursed by the office. The preference of the office is to not incur payment of tax.

The reason for a 1–2-month lead time is so that Sharon can assist with purchases that can be ordered from Amazon or paid for with credit card by the office.

Above all, communication with Sharon and a copy of that communication to the treasurer is requested. Such communication should include the name of the vendor, cost(s) with contact information. The treasurer will follow up with the office and the requestion MG. Sharon further defined that the Treasurer's role includes tracking office progress of approvals and expenditures.

PUBLIC BENEFIT SERVICES CONTRACT

THIS CONTRACT, made as of the 1st day of January, 2023, effective through December 31, 2023, by and between **THE COUNTY OF ERIE**, a municipal corporation of the State of New York, having its principal place of business at 95 Franklin Street, in the City of Buffalo, New York, 14202 (the "County"), and **CORNELL COOPERATIVE EXTENSION ASSOCIATION OF ERIE COUNTY** (the "Organization"), a not-for-profit corporation, having its principal place of business at 21 South Grove Street East Aurora, NY 14052.

WITNESSETH:

WHEREAS, the County, pursuant to the authority granted to it by Sections 224 and 225 of the County Law and Local Law No. 3-2002, has appropriated funds in the County's 2023 Budget for the purpose of making a conditional grant to the Organization; and

WHEREAS, the County and Organization wish to more specifically define the terms and conditions related to the payment of said conditional grant to the Organization by the County and the obligations of the Organization upon receipt of said conditional grant.

NOW, THEREFORE, IT IS MUTUALLY AGREED BY AND BETWEEN THE PARTIES:

1. The Organization agrees to provide public benefit services for and within Erie County as specified in the Scope of Work which is attached hereto and incorporated herein as **Exhibit A** ("Scope of Work"). No funds granted under this Contract shall be applied to any purposes other than those described in paragraph 22 below.

2. In support of such public benefit services, the County agrees to pay to the Organization, subject to the terms and conditions enumerated herein, an amount not to exceed \$401,896.00, payable as follows:

50% thereof or **\$200,948.00** within 30 days of the execution of this Contract; and 50% thereof or **\$200,948.00** on June 15, 2023.

Payments shall be made on two separate invoices submitted to the Erie County Department of Environment and Planning (the "Department") and approved by the Department. The Department will approve payments once it has received required supporting documentation as described in **Exhibit B** as "Reporting Requirements". The invoice for first payment should be dated the same date as the Contract signed by the Organization. The second invoice is to be dated June 15, 2023 for that payment to be issued.

If, in order to perform its obligations under this Contract on a timely basis, the Organization requires the use of an additional part of said amount prior to such payment dates, the County may, upon approval of the Budget Director, pay to the Organization from time to time such amounts as the Budget Director may determine.

3. This Contract shall be deemed executory only to the extent of funds available as determined by the Budget Director and appropriated by the County for the performance of the terms hereof, and no liability on account thereof shall be incurred by the County beyond such funds. Funds provided pursuant to this Contract shall not be used for any purpose prohibited by law.

This Contract is also subject to further financial analysis of (1) the impact of any New York State Budget (the "State Budget") proposed and adopted during the term of this Contract; and (2) the impact of any federal government budgetary actions, including but not limited to the "sequestration" process. The County shall retain the right, upon the occurrence of any release by the Governor of a proposed State Budget and/or the adoption of a State Budget or any amendments thereto, and following certain congressional budgetary actions and adjustments through sequestration or related legislative actions, and for a reasonable period after such release(s) or adoption(s), to conduct an analysis of the impacts of any such State Budget or sequestration on County finances. After such analysis, the County shall retain the right to either terminate this Contract or to change the amounts and rates approved herein. If the County subsequently offers to pay a reduced amount to the Organization, then the Organization shall have the right to terminate this Contract upon reasonable prior written notice.

4. Notwithstanding any contrary provision of this Contract, or any provision of the County's current budget, the County Executive may reduce the total amount of funds in this Contract, and not yet paid to the Organization, upon ten (10) days written notice.

5. The Organization shall maintain complete, accurate and current records of all financial transactions relating to its operation and the services performed pursuant to this Contract. During the term of this Contract and at any time within six (6) years thereafter, the Organization shall make such records available, upon request, to the County for review. The County shall have the right, upon reasonable notice and at reasonable times, to inspect the books and records of the Organization, its offices and facilities, for the purpose of verifying information supplied to the County or for any other purpose reasonably related to monitoring the services to be performed by the Organization pursuant to this Contract.

6. The Organization agrees to furnish to the County any management letter, if issued and independent auditor's report and related financial statements and notes made for it or for other agencies and available to it, which reflects the receipt and use of funds paid to it hereunder, within thirty (30) days after receipt of the request.

7. The Organization also agrees to make available to the County for inspection at reasonable times and places, its current membership and Board of Trustees/Directors lists, financial reports, and minutes of its last annual meeting, Board of Directors or Trustees meetings, and such other minutes as may be pertinent to the operation of such Organization in the public interest. No such membership list shall be published or be made available for any commercial use.

8. To the extent that the funds provided by this Contract are for specific activities or services, the Organization agrees to furnish verified accounts of its disbursements hereunder, together with certified or verified invoices thereto attached, in such form and detail as may be required by the County, and at such times as the County may determine up to and including one year following

termination of this Contract.

9. The County may, at its option, audit such books and records of the Organization as are reasonably pertinent to this Contract to substantiate the basis for payment. The County shall, in addition, have the right to audit such books and records subsequent to payment, if such audit is commenced within one year following termination of this Contract. Any expenditure determined by audit to be inconsistent with this contact may be disallowed by the County and shall be subject to refund by the Organization to the County.

10. a. The Organization agrees to refund to the County any unused amount of monies paid to it hereunder, that is, any amount of said moneys encumbered by any current operating expenses, it being understood that in the event the unencumbered revenue of the Organization exceeds its expenses for the Organization's fiscal year, the Organization shall refund to the County within ninety (90) days of the Organization's audit report that part of the surplus which bears the same ratio to the total surplus as the amount actually paid to the Organization by the County bears to the total revenue of the Organization.

b. In determining whether a surplus is accrued by the Organization during the fiscal year, pursuant to subdivision "a" of this paragraph, all revenue of the Organization, not expressly restricted to a particular purpose by the grantor of the revenue, shall be deemed "operating revenue". All encumbered expenses of the Organization, other than those paid from funds specifically restricted to a particular purpose by a grantor, or paid from a segregated capital fund, shall be deemed "operating expense". The Organization shall be deemed to have a surplus if operating revenue exceeds expenses before any transfer of operating revenue into capital, endowment or other restricted funds or accounts.

c. Upon showing in writing to the Budget Director of the County that such a refund would cause extreme hardship to the Organization owing to unforeseen or unanticipated circumstances, the Budget Director may, subject to approval by the Erie County Legislature, authorize the Organization to retain all or part of any funds which the Organization would otherwise be required to refund to the County under this paragraph if the Legislature determines that such retention is consistent with the purpose and intent of this agreement, as applicable. Such authorized retained funds shall be used only for the purposes authorized under this Contract, but may be expended in the calendar year subsequent to this Contract.

11. The Organization agrees to perform the public benefit services which are the object of this Contract as an Independent Contractor and neither it nor any of its employees, members, directors, agents, or representatives shall be or hold themselves out to be employees, officers, agents or representatives of the County.

12. The Organization shall comply, at its own expense, with the provisions of all applicable local, state and federal laws, rules and regulations. The Organization shall further comply, at its own expense, with all applicable rules, regulations and licensing requirements pertaining to its professional status and that of its employees, partners, associates, subconsultants and others employed to render the services hereunder.

13. The Organization shall be fully accountable for its performance under this Contract and it

and its officers agree to answer under oath all questions relative to the performance hereof, and to any transaction, act or omission, had, done or omitted in connection herewith if called before any judicial, county, state or federal agency empowered to investigate this Contract or its performance.

14. The Organization shall not delegate any duties or assign any of its rights under this Contract without the prior express written consent of the County. The Organization shall not subcontract any part of the services without the written consent of the County, subject to any necessary legal approvals. Any purported delegation of duties, assignment of rights or subcontracting of services under this Contract without the prior express written consent of the County is void. All subcontracts that have received such prior written consent shall provide that subcontracts are subject to all terms and conditions set forth in this Contract. It is recognized and understood by the Organization that for the purposes of this Contract, all services performed on an approved subcontract shall be deemed services performed by the Organization and the Organization shall insure that such subcontracted service is subject to the material terms and conditions of this Contract.

15. Cornell Cooperative Extension Director's Statement of Commitment to Diversity

Cornell Cooperative Extension (CCE) remains committed to ongoing growth, continued development, and substantive organizational transformation as we position ourselves to effectively support communities across New York State to thrive. In carrying out our mission of *putting knowledge to work* we do so with an intentional focus on diversity, equity, and inclusion in our staffing, volunteers, programs, and community partnerships.

The CCE Affirmative Action, Diversity, and Inclusion Plan (AADIP) serves as the foundation for creating a climate of safety, trust, and belonging by outlining strategic policies and regulatory practices that ensure:

- 1. equal opportunity for all staff, program participants, and volunteers;
- 2. the elimination of discrimination based on federal, state and local protected statuses, including but not limited to race, color, religion, political beliefs, national or ethnic origin, sex, gender/gender identity, transgender status, sexual orientation, age, marital or family status, protected veteran status and individuals with disabilities;
- 3. the values of diversity, equity and inclusion in employment and in educational programs; and
- 4. prompt and appropriate responses to actions that run contrary to CCE's commitment to furthering diversity, equity and inclusion.

I encourage you to commit to incorporating the AADIP as a powerful resource for ensuring adherence to compliance guidelines. The supplemental <u>AADIP Resource Guide</u> included with this year's plan provides additional background resources and information intended to deepen staff understanding of protected-status groups and encourage more robust implementation of civil rights policies and practices.

Chris Watkins Director, Cornell Cooperative Extension

Statement of Commitment to Affirmative Action, Diversity and Inclusion from the Executive Director of the Cornell Cooperative Extension Association of Erie County

Cornell Cooperative Extension of Erie County has a strong, ongoing commitment to equal opportunity and affirmative action in the development of its policies, programs, procedures and practices through its affiliation with Cornell University and as a part of the national extension system. Specifically, Cornell Cooperative Extension of Erie County is committed to 1) equal opportunity for all staff and volunteers; 2) the elimination of discrimination based on federal, state and local protected statuses, including but not limited to race, color, religion, political beliefs, national or ethnic origin, sex, gender/gender identity, transgender status, sexual orientation, age, marital or family status, protected veteran status and individuals with disabilities; and 3) the values of diversity, equity and inclusion in employment and in educational programs. Employment and educational opportunities are accessible and provided to all persons. CCE believes affirmative action policies are an effective means of aiding groups that have been historically marginalized and excluded from equal access to opportunity.

We work with Cornell Cooperative Extension Administration to create a more diverse and inclusive organization statewide among staff, volunteers, and program participants. We fully recognize that an emphasis on diversity and inclusion in CCE's strategic planning makes good business sense that will yield a more adaptable, productive, and innovative organization to meet the changing needs of our evolving communities. To that end, this Affirmative Action, Diversity and Inclusion Plan addresses compliance as the firm foundation for building a more diverse, equitable and inclusive organization and goes beyond to support organizational development and sustained culture change.

I am personally committed to leading an assertive and effective affirmative action policy in Cornell Cooperative Extension of Erie County and expect all staff and volunteers to contribute to our organization's diversity, equity and inclusion efforts.

Diane Held Executive Director Cornell Cooperative Extension of Erie County

INTRODUCTION

Overview of Cornell Cooperative Extension (CCE) Associations and the Cornell Cooperative Extension System

Cornell University is both privately endowed and the public land-grant institution of New York State with a broad mission of teaching, research, and outreach and a proud motto of "any person…any study" that dates back to its founding. As New York's land-grant university, Cornell enters into formal agreements with the federal government to provide and administer extension work. New York State County Law 224 authorizes the establishment of Cornell Cooperative Extension (CCE) Associations as subordinate governmental agencies, local or regional unincorporated organizations of citizens of the counties that operate under memoranda of agreement with Cornell University. Fundamental to Cornell Cooperative Extension Associations is the powerful idea that individuals and communities should be a part of decisions about educational programming that will affect them and that a high degree of local involvement can inform the public work of the university and be vital partners in fulfilling Cornell's mission. Cornell Cooperative Extension operates on the Cornell campus through the leadership of faculty and staff primarily in the <u>Colleges of Agriculture and Life Sciences</u> and <u>Human Ecology</u> with contributions from the <u>College of Veterinary Medicine</u>.

The Cornell Cooperative Extension system was one of the founding members of a national extension diversity project, Change Agent States for Diversity (CASD), to build the capacity of the Land-Grant university system to function more inclusively and effectively in a multicultural world. Since its inception, the CASD project has evolved into a consortium of 20 land-grant institutions in sixteen states bringing the needed technical skills and training to each of the member states. Through this multi-state collaborative approach, the consortium has developed successful models and systemic change strategies to support greater diversity and welcoming workplace climates throughout the Land-Grant system.

The CASD project and resulting Change Agent States (CAS) served as a springboard for much of CCE's work in the areas of diversity and inclusion. Among the initiatives undertaken through the work of the CASD and CAS are organizational diversity climate assessments conducted periodically since 2002. These assessments provided much needed baseline information regarding the climate for diversity and inclusion at CCE. Professional development workshops and presentations were developed based on the findings of these assessments. Additionally, the CASD project prompted the creation of a multifaceted Diversity Catalyst Team (DCT), which served as a state level work-group for coordinating and implementing organizational change on diversity. The work initiated by the DCT is currently being led by the CCE Organizational Development and Accountability via <u>Belonging</u> with input and feedback from <u>CCE</u> <u>Administration Human Resources</u>. Components of the CCE Association Affirmative Action, Diversity and Inclusion Plan.

This Affirmative Action, Diversity and Inclusion Plan (AADIP) covers Cornell Cooperative Extension of Erie County for employment and program activity from January 1, 2023, through December 31, 2023. It is

based on the guidelines set forth by Executive Order 11246, as amended; Title 41 Code of Federal Regulations (CFR) Section 60-300 (Vietnam Era Veterans Readjustment Assistance Act of 1974); Title 41 CFR Section 60 – 741 (Section 503 of the Rehabilitation Act of 1973); federal, state and local anti-discrimination laws; and association policies. Although the basis of this plan is formed by the association's obligations under the regulations stated above, the intent is to provide additional guidance above and beyond these obligations.

Affirmative action requirements and guidelines as set per 41 CFR Chapter 60 for specified recipients of federal dollars are the underlying basis of much of this document, but the CCE Affirmative Action, Diversity and Inclusion Plan is designed to be a long-term framework for meeting our affirmative action obligations and for creating a sustained commitment to diversity and inclusion. According to 60-2.10 of 41 CFR Chapter 60, "an affirmative action program is a management tool designed to ensure equal employment opportunity. A central premise underlying affirmative action is that, absent discrimination, over time a workforce will reflect the gender, racial and ethnic profile of the labor pools from which the [employer] recruits and selects." CCE's Affirmative Action, Diversity and Inclusion Plan refers to the Netter Principles (see Appendix B) as a framework for building broad-based organizational inclusion which produces a workforce and programs relevant to our diverse communities.

Following is the CCE Association Affirmative Action, Diversity and Inclusion Plan Compliance Review Checklist, due annually as part of each CCE Association's partnership with Cornell and CCE Administration. The CCE Association uses this internal checklist as a baseline for diversity and inclusion and utilizes the Netter Principles as a framework for building broader organizational diversity and inclusion. Together these documents guide Cornell Cooperative Extension in creating a workforce and programs relevant to our diverse communities and making CCE an employer and community resource of choice.

The Association Executive Director, Diane Held, is accountable for Equal Employment Opportunity/Equal Program Opportunity (EEO/EPO) in the association and is responsible for compliance including the items in the following checklist:

□ Nondiscrimination statements and gender-neutral language is used in all communications to the public (<u>Civil Rights, Title IX</u>).

Cornell Cooperative Extension is committed to the maintenance of affirmative action programs that will assure the continuation of such equality of opportunity."

ESTABLISHED FOUNDATION FOR DIVERSITY AND INCLUSION

Effective and successful diversity, equity, and inclusion initiatives begin with effective ongoing equal opportunity and affirmative action programs to ensure equal access to opportunity in employment and programs. These equal opportunity practices are based on obligations created under federal regulations and the New York State Human Rights Law.

The CCE Association's equal opportunity statement is: *Cornell Cooperative Extension actively supports equal educational and employment opportunities.* No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, religion, political beliefs, national or ethnic origin, gender/gender identity, transgender status, sexual orientation, age, marital or family status, protected veteran status, and individuals with disabilities. Cornell Cooperative Extension is committed to the maintenance of affirmative action programs that will assure the continuation of such equality of opportunity pursuant to 41 CFR 60-2.10(a)(3), 41 CFR 60-300.44, and 41 CFR 60-741.44, the policy is set forth below:

In accordance with all federal and state statutes, regulations, and executive orders, CCE of Erie County (hereafter referred to as "the association") is committed to: 1) equal opportunity for all staff and volunteers; 2) the elimination of discrimination based on federal, state, and local protected statutes; and 3) the values of diversity, equity, and inclusion in employment and in educational programs. Thus, the association agrees that no person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, religion, political beliefs, national or ethnic origin, sex, gender/gender identity, transgender status, sexual orientation, age, marital or family status, protected veteran status and individuals with disabilities. The association is also committed to affirmative action in the development of policies, programs, procedures and practices that will assure the continuation of such equality of opportunity and promote the inclusion of underrepresented groups in all levels of employment, responsibility, and authority throughout the organization, representative of their

availability in the relevant labor markets. In addition, the association will work to ensure program expansion to under-represented audiences. To achieve these goals, all the association administrators and supervisory staff will carry out their responsibilities in programming, recruitment, employment, making assignments and promotions in a nondiscriminatory and affirmative manner.

Shared understanding of those activities which are appropriate and required by applicable laws is an important first step toward the realization of a successful EEO/EPO/AA program. To support the association's general commitment to Equal Employment and Program Opportunity and Affirmative Action, a variety of resources and training sessions are available continuously on the CCE Staff Site Belonging section.

Included in this Affirmative Action, Diversity and Inclusion Plan, is a Partner Nondiscrimination Agreement sample Letter, which can be found in Appendix E. Associations may choose to use this type of document to provides clarity to external partners on acceptable behavior and to ensures compliance with federal, State and local laws and regulation.

EQUAL EMPLOYMENT OPPORTUNITY

To foster a diverse, inclusive and welcoming environment, it is necessary to assess the demographic composition of the workforce. Cornell Cooperative Extension follows guidelines in 41 CFR 60-2.11 to compare the representation of minorities and women in the workforce with the estimated availability of minorities and women qualified to be employed. Pursuant to guidelines in 41 CFR 60-2.12, 60-2.13, 60-2.14, 60-2.15, and 60-2.16, an analysis of the full- and part-time program family workforce, by affirmative action job group, will be completed¹; the minority and women representation within each job group will be calculated; an estimate of qualified women and minorities available for employment in each job group will be determined; and where appropriate and pursuant to 41 CFR 60-2.14 (c)(1),² placement goals will be established for each job group.³ CCE, as a system, will create an organization profile of its entire workforce to determine whether barriers to equal employment opportunity exist and to identify organizational units wherein women or minorities are underrepresented or concentrated.

Pursuant to 41 CFR 60-2.17, where there are problems in minority or female utilization within the association, an action-oriented program will be developed and implemented to address the deficiencies and to demonstrate the organization's good faith efforts in removing identified barriers to diversity, expanding employment opportunities for women and minorities, and producing measurable results in diversifying its workforce. The job group placement goals will be established based on the percentage of minorities or women with requisite skills in the reasonable recruitment area for each job group and, where relevant, the percentage of minorities or women among those promotable, transferable and trainable at the association.⁴

¹ This analysis will be performed in partnership with Cornell's Division of Human Resources or an appropriate and approved vendor.

² Whenever the term "goal' is used, it is expressly intended that it "should not be used to discriminate against any applicant or employee because of race, color, religion, gender, sexual orientation or national origin."

³ Goals will be developed only for those job groups that have incumbents.

⁴ "Availability" data will be established based on internal and external data or the percentage of minorities and women with the requisite skills for each discipline/field.

A summary of the composition, within each job group, of each CCE Association's employee population, comparing the availability and utilization percentages of women, minorities in general, and each minority group will be supplied, as available, as an appendix to the Association's Affirmative Action, Diversity and Inclusion Plan.

As part of its commitment to diversity and inclusion, pursuant to 41 CFR 60-2.17 (d), 41 CFR 60-741.44(h), and 60-250.6(h), the association regularly audits the composition of its workforce by minority group status and gender and measures the effectiveness of the association's affirmative action programs for individuals with disabilities and protected veterans. In addition, the association ensures the presence of required EEO posters in its office where both employees and applicants for employment can see them and ensures that purchase orders and contracts with subcontractors contain or reference the required EEO clause pursuant to 41 CFR 60-2.17 (d)(3). Results of these audits are shared with CCE's Affirmative Action Unit Representative. On an annual basis, the CCE Association Board of Directors and CCE's senior management is advised of the program's effectiveness, along with recommendations to address areas of challenge.

ANALYSIS OF CURRENT ORGANIZATIONAL INCUMBENTS

Job Group Analysis Based on Race and Gender

Cornell Cooperative Extension Administration works closely with Cornell University departments to provide CCE Associations with current Affirmative Action availability and utilization information. The data provided in Appendix A, "Job Group Analysis Based on Race and Gender", will be updated with more current information as soon as possible. In the meantime, please note that information is presented by regions used by the NYS Department of Labor (with the exception of Jefferson, Madison, and Tompkins counties), NOT by CCE's current Shared Business Networks. Each association will find its availability and utilization information for various positions (either within a region or in an individual listing) in Appendix A, once it is available, and determine if there is an Affirmative Action goal for that particular position in their association. Please contact <u>CCE Administration Human Resources</u> if you have questions.

AFFIRMATIVE ACTION INITIATIVES SPECIFIC TO VETERANS AND INDIVIDUALS WITH DISABILITIES

Effective diversity and inclusion initiatives are based on established equal opportunity and affirmative action programs to ensure equal access to employment opportunities for protected veterans and individuals with disabilities. CCE welcomes staff with diverse physical and developmental abilities and recognizes that neither disability status nor protected veteran status is to be a factor in the denial of employment. Pursuant to 41CFR 60-250.44 (a), employment decisions are based on merit, qualifications and valid job requirements.

The association is committed to ensuring that employees and applicants are not subjected to harassment, intimidation, threats, coercion or discrimination because they have filed a discrimination complaint, assisted or participated in a discrimination complaint or investigation, or opposed an act or practice made unlawful by the Vietnam Era Veterans Readjustment Assistance Act.

Pursuant to 41 CFR §§ 60-741.44(b) and 41 CFR §§ 60-250.4(c), CCE reviews its policies and ensures that its personnel processes provide for careful, thorough, and systematic consideration of the job qualifications of applicants and employees who are protected veterans or who have known disabilities for job vacancies filled by hiring or promotion, and for all training opportunities offered or available. CCE ensures that its personnel processes do not stereotype disabled persons or protected veterans in manners that limit their access to jobs for which they are qualified and periodically reviews policies and personnel processes to ensure that these obligations are carried out.

The following procedures facilitate a review of the implementation of these requirements and are

drawn from OFCCP's Regulations implementing Section 503 of the Rehabilitation Act of 1973:

- a) the personnel histories of each individual with a known disability or protected veteran status are periodically reviewed to identify each promotion for which these individuals were considered but not promoted; and
- b) training records are periodically reviewed to determine whether individuals with a disability and protected veteran status are included.

Pursuant to 41 CFR. §§ 60-744(c) and 41 CFR 60-250.44 (4)(c), the association annually reviews all physical and mental job qualification requirements with supervisors to ensure that, to the extent qualification requirements screen out or tend to screen out qualified disabled individuals or protected veterans, they are job-related and consistent with business necessity and the safe performance of the job.

CCE is committed to providing opportunities for individuals with diverse physical and developmental abilities by offering effective adaptations in the workplace to eliminate barriers to work participation. Therefore, pursuant to 41 CFR §§ 250.44 (4)(d), 41 C. F. R. §§ 60-741.44(d);-250.6(d), the association makes reasonable accommodation to the known physical or mental limitations of all otherwise qualified individuals with a disability unless it can demonstrate that the accommodation would impose an undue hardship on the operation of the business.

These adaptations are provided to employees through CCE Policy 402: Americans with Disabilities Act (ADA) *Disability Accommodation Process*. The employee should contact the local Human Resources representative and/or Executive Director or designee to initiate requests for any desired disability-related workplace accommodation. It is the employee's responsibility to provide required medical documentation regarding the accommodation request. In accordance with the Americans with Disabilities Act and the New York State Human Rights Act, CCE will take such requests seriously.

Supervisors are responsible for immediately notifying their local Human Resources representative or Executive Director of any employee accommodation request brought to their attention. Supervisors are also responsible for implementing reasonable accommodations recommended by CCE Administration Human Resources; for keeping the employee's disability accommodation request confidential; and for monitoring any interactions with the requesting individual to ensure that actions are not legitimately construed as retaliatory.

Pursuant to 41 CFR §§ 60-250.44(4)(e), CCE also has in place processes to ensure that its employees with disabilities and protected veterans are not harassed because of their disability or covered veteran status. Employees who feel that they have experienced such harassment are advised to contact their supervisor, Executive Director, and/or SBN HR Lead and/or HR Manager for information on the appropriate procedure to use.

Pursuant to 41 CFR §§ 60-741.44(f) and §§ 60-250.6(f), CCE enlists the assistance and support of recruiting sources (including state employment agencies, state vocational rehabilitation agencies or facilities, sheltered workshops, college placement offices, state education agencies, labor organizations, and organizations of or for individuals with disabilities) to provide meaningful employment opportunities to qualified individuals with disabilities and protected veterans.

CCE has established meaningful contacts with appropriate social service agencies, organizations of and for individuals with disabilities and protected veterans, and vocational rehabilitation agencies or facilities, for such purposes as advice, technical assistance and referral of potential employees.

CCE recognizes that even a strong outreach program will be ineffective without adequate internal support from supervisory and management personnel and other employees. To assure greater employee cooperation and participation in CCE's efforts with respect to individuals with disabilities and protected veterans, pursuant to 41 CFR §§ 60-741.44(g) and §§ 60-250.6(g), the association has developed internal procedures to communicate its obligation to engage in affirmative action efforts to employ and advance in employment qualified individuals with disabilities and protected veterans. These procedures are designed to foster understanding, acceptance and support among CCE's staff and to encourage the necessary actions to aid the association to meet its obligations. These procedures consist of:

- a) including equal employment and anti-harassment policies in the association's policies;
- b) publicizing anti-discrimination and anti-harassment policies and conducting meetings with executive, management and supervisory personnel to explain the intent of CCE's antidiscrimination and anti-harassment policies and individual employee responsibility for effective implementation of these policies;
- c) meeting with employees to inform them of CCE's anti-discrimination and anti-harassment policies, and requiring their cooperation;
- d) providing sufficient training opportunities to support an anti-discrimination and antiharassment environment;
- e) including articles on the accomplishments of disabled employees and protected veterans in CCE publications; and
- f) including individuals with disabilities and protected veterans in staff handbooks and similar employee publications, when employees are featured in the same.

EQUAL PROGRAM OPPORTUNITY

The association has a successful programming history based on grassroots planning. Cornell Cooperative Extension believes that one of the best ways to ensure balanced participation in program delivery is to involve clientele with diverse perspectives in the advisory groups used in program planning and support. The association submits a plan of work that includes a Civil Rights/Affirmative Action section covering the ES-USDA (Extension Service – United States Department of Agriculture) requirements. Reports are submitted to ES-USDA, as required.

An Extension group (program advisory committee, board, or program effort, etc.) will be considered to have inclusionary membership/participation when the group reflects the community to be served. The ratio used to evaluate the extent of participation necessary to achieve and maintain inclusionary membership in compliance with civil rights legislation is 80% of the potential participant group within the community.

In order to implement this principle of inclusionary membership and participation, the association will use two affirmative action strategies: Acceptable Affirmative Action Procedures and All Reasonable Efforts.

Acceptable Affirmative Action Procedures

Acceptable Affirmative Action Procedures are those actions that have been tested and proven to encourage participation by individuals from diverse populations. These actions will be used in normal day-to-day program planning and delivery as long as targeted groups are at acceptable levels.

While each employee may add to or adapt these procedures to fit their needs, he/she must:

- a) Use advisory and decision-making groups that are representative of the community in planning and implementing programs that will further the intent of the organization to abide by Title VI, Title VII, Title IX, and the Americans with Disabilities Act. Members of underrepresented populations should be encouraged to assist in helping to accomplish this goal.
- b) Seek assistance of volunteers to involve members from diverse populations in program planning activities as well as participating in Extension programs.

- c) Select meeting places and times that will encourage rather than inhibit participation from diverse populations.
- d) Create and maintain lists of organizations that can reach diverse populations (for announcing meetings, activities, tours, events, etc.).

Actions to be taken to ensure inclusionary membership when organizing new programs include the use of Acceptable Affirmative Action Procedures and the completion of a signed statement of nondiscrimination by any volunteer group leader or organization Extension is assisting. Should the membership not reflect the diverse composition of the targeted community, all reasonable efforts must be taken to attain compliance.

All Reasonable Efforts

All Reasonable Efforts consist of a series of approaches that are required of Extension educators to solicit participation from diverse groups. These are used in addition to Acceptable Affirmative Action Procedures and are required when Extension programs do not meet inclusionary membership/participation requirements such as:

- a) organization of a new Extension group if the initial membership does not reflect the diverse composition of the targeted community;
- b) an existing Extension-sponsored activity or group membership does not reflect the diverse composition of the targeted community;
- c) advisory and decision-making groups that do not reflect the diverse composition of the potential audience in membership and/or participation; or

d) program participation that consistently does not reflect the diversity of the community. It is the responsibility of each association staff member to implement "All Reasonable Efforts" steps necessary to attain the goals of inclusionary membership and participation. Extension-sponsored or assisted organizations must show good faith in regard to affirmative action to continue receiving Extension support. Documentation of reasonable efforts and inclusionary membership must be made available to Extension for reporting and review purposes.

Steps in All Reasonable Efforts

- a) Contact media outlets that reach targeted populations to seek their assistance in announcing programs and events.
- b) Develop program announcements and posters to be placed in public areas.
- c) Write personal letters encouraging individuals from diverse populations to participate.
- d) Make personal contacts with individuals who will help reach diverse populations.
- e) Contact community groups for assistance in informing community members of available programs.

The Cornell Cooperative Extension System engages elected volunteers throughout the state to help plan, implement, and evaluate all of its major programs. The members of boards and committees should be representative of the community Extension is serving.

Determining Inclusionary Membership/Participation

This Affirmative Action Plan describes the process through which inclusionary membership and/or participation is determined. It also covers actions Extension educators need to take to determine if programs, decision-making groups, etc., are in compliance with civil rights legislation. Extension staff members work with a variety of clientele groups such as agricultural producers, agribusinesses, and community agencies and organizations. Community refers to the group of people to be served. Cornell Cooperative Extension staff have the responsibility for determining the bounds of the community to be reached. These bounds may reflect an identifiable geographic area which has recognizable boundaries, such as county, town, or neighborhood; or a group of individuals related due to common interests, needs, or problems, such as dairy farmers, pregnant teens, 4-H campers, or a neighborhood.

Mapping

Mapping is used to determine the community(ies) to be served, using the above definition, and to determine its makeup. The best available data will be used. Census data are available for counties, cities, towns, and townships. If the community does not have geographical boundaries, other forms of data are appropriate. Where no data are available, estimates are acceptable.

Each Cornell Cooperative Extension staff member will:

- a) List all Extension groups with which he or she works.
- b) Determine the makeup and diversity of the membership of each program.
- c) Separate the programs into the two categories based on community (those with geographically defined boundaries, and those with common needs, interests, etc.).
- d) For geographically defined communities:
 - i. Establish the geographical boundaries for groups falling into this category (i.e., countywide, school district, housing development).
 - ii. Identify demographic databases available for each identified program.
 - iii. Use the data to determine the makeup of the community.
 - iv. Compare the composition of the program membership with the makeup of the community.
- e) For communities linked by common interests or needs:
 - i. Identify databases and establish the potential makeup of the program.
 - ii. Compare the composition of the membership with the potential makeup of the group.
- f) Using the definition of inclusionary membership/participation, determine which Extension programs include 80% of the available targeted community/audience and which do not.

Once the staff members know which programs do not have inclusionary membership, they will design and implement a plan to achieve the desired membership/participation.

Ensuring Inclusionary Membership

To ensure that an Extension educator is in compliance with civil rights legislation (Title VI) they must take the following actions:

- a) If a new program or existing program does not obtain inclusionary membership/participation, staff members and volunteers should continue to implement All Reasonable Efforts until the desired goal is achieved. Documentation will be made and retained.
- b) If an officer or volunteer leader of a newly formed program refuses to sign the nondiscrimination statement or does not promote All Reasonable Efforts, the Extension educator, along with the Executive Director, shall be initially responsible for determining/deciding to terminate Extension's relationship with the program.
- c) When a program is to be terminated, a written statement of action will be prepared containing the members' names, the racial composition of the program, and the date of action. A registered letter will be sent to the volunteer leader(s) of the program indicating that sponsorship and further assistance from Cornell Cooperative Extension is being denied. The appropriate Extension educator, the Executive Director, and the association president will sign this letter. Copies of the registered letter and accompanying statistical data concerning group membership will be forwarded to the director of Extension. The Cornell Cooperative Extension affirmative action officer will keep the letter on file.
- d) If a program has demonstrated All Reasonable Efforts without achieving a balanced membership, affiliation with CCE may continue, but the group must continually pursue and document All Reasonable Efforts to recruit underrepresented clientele.

Race and Gender Discrimination

Title IX specifically addresses discrimination on the basis of race and gender. The executive director should review programs and committees to determine if programs are in compliance.

- a) Compare the racial and gender distribution of the participants in programs and on committees with the race/gender distribution of the community or target audience.
- b) If there is not a balance of membership/participation, then the staff member must use All Reasonable Efforts to improve the inclusionary participation.
- c) Documentation of efforts must be retained for five years.
- d) For short-term Extension programs, such as special interest programs, day camps, field days, and general educational events, the appropriate staff member must keep attendance statistics on the gender and racial makeup of the participants. Attendance statistics and population statistics of the community being served by programs should be reviewed and compared. If racial and/or gender imbalance is evident based on the definition of inclusionary participation, the staff member should devise an "All Reasonable Efforts" plan to achieve balance in future educational events and activities. Documentation must be retained for five years.

Age and Disability Discrimination

The association is committed to following civil rights legislation regarding both age and disability. The organization recognizes its obligation in regard to employment, workplace environment, and program delivery. Further, it recognizes the potential these individuals can provide to the organization.

Public Notification Procedures

In support of public notification, the association will:

- a) Display the nondiscrimination poster And Justice for All.
- b) Ensure all stationery, newsletters, and printed pieces that go to audiences outside Extension will use the following statement: *Cornell Cooperative Extension provides equal program and employment opportunities.*
- c) Ensure promotional materials, photos, and other graphics used portray a diversity of clientele on a nondiscriminatory basis and be reviewed for inclusive language.
- d) Ensure all new organizations and groups with whom CCE has not previously worked and who request significant assistance from CCE are informed of the organization's nondiscrimination policy and must sign a statement of nondiscrimination. This should be done when the invitation is accepted. Extension assistance should not be provided to organizations that are known to avoid compliance with applicable nondiscrimination requirements.
- e) Ensure all newly organized clubs or groups sponsored or assisted by CCE sign a statement of nondiscrimination.

Included in this Affirmative Action, Diversity and Inclusion Plan, is a Partner Nondiscrimination Agreement Sample Letter, which can be found in Appendix E. Associations may choose to use this type of document to provides clarity to external partners on acceptable behavior and to ensures compliance with federal, State and local laws and regulation.

RESPONSIBILITIES FOR IMPLEMENTATION

CCE Association Executive Director and Board of Directors

The ultimate responsibility for EEO/EPO in the association lies with the Executive Director and Board of Directors. Please reference the Policy Manual for more information. It is the responsibility of the Association Executive Director and Board of Directors to provide leadership for the Affirmative Action, Diversity and Inclusion Plan.

CCE Association Executive Director and Managers/Supervisors

The CCE Association Executive Director and managers/supervisors who search for and hire candidates for vacant positions, make other human resource decisions, and provide leadership and input into the association plan of work are responsible for implementing Extension's affirmative action programs within their work areas. CCE State Director

The state Director of CCE works closely with the deans and the affirmative action committees in Cornell colleges and CCE Associations to foster understanding of the principles, laws, regulations, and policies pertinent to equal employment opportunity and affirmative action in the organization. The state Director of CCE has specific responsibility to:

a) provide search procedure guidelines to each search committee and to monitor searches for Executive Director and senior program positions, ensuring that the selection processes are

consistent with employment laws and that there is diversity in every applicant pool;

- b) Ensuring that good faith efforts are made to have a diverse applicant pool for every selection.

CCE Affirmative Action Unit Representative (AAUR)

Cornell Cooperative Extension Administration has designated an AAUR at Cornell to assist in reviewing searches and appointments for equal opportunity and affirmative action compliance. This appointed person advises, implements, and monitors procedures and policies related to Extension's Affirmative Action, Diversity and Inclusion Plan. As affiliates, the independent Extension Associations are represented by the CCE Administration AAUR. The Extension AAUR has specific responsibility for:

- a) monitoring searches to ensure that good faith efforts have been made to include women and minorities in applicant pools;
- b) monitoring hiring to ensure that searches, placements, and promotions are not carried out in an illegally discriminatory manner;
- c) reviewing the unit workforce analysis, in conjunction with the Department of Inclusion and Belonging and developing and implementing action-oriented programs designed to correct deficiencies in the representation of women and minorities within the association's workforce and to demonstrate that the organizational unit is making good faith efforts to remove identified barriers, expand employment opportunities for women and minorities, and produce measurable results;
- reviewing the CCE Associations' job group analysis and assisting associations in developing written, action-oriented programs designed to achieve the affirmative action goals in each job group;
- e) conducting an adverse impact ratio analysis for employment activity (applicant flow, hires, terminations, promotions and training opportunities) annually to determine whether there are disparities based on race or gender, and making recommendations for addressing identified disparities; and
- attending scheduled AAUR meetings, hosted by Cornell's Department of Inclusion and Belonging, to discuss challenges in addressing affirmative action goals and to learn about strategies to address them.

Cornell Colleges of Ag and Life Sciences, Human Ecology and Vet Med Deans

The Deans of Human Ecology, Agriculture and Life Sciences and Veterinary Medicine are responsible for implementing equal opportunity and affirmative action within their respective colleges, including being

knowledgeable about CCE's affirmative action goals and programs to address diversity and inclusion, ensuring that all searches for CCE positions are consistent with federal and state EEO statutes, encouraging all search committees to aggressively recruit candidates for CCE positions to ensure diversity in every search; and annually reviewing the composition of CCE's workforce and communicating the continued commitment to address under-utilization.

Cornell's Division of Human Resources/Department of Inclusion and Belonging

The Department of Inclusion and Belonging reports to the Vice President for Human Resources and assists in developing all aspects of Cornell Cooperative Extension's affirmative action programs. The Director of the Department of Inclusion and Belonging will work closely with CCE's Human Resources Manager and AAUR in developing equal opportunity and affirmative action policies and procedures and ensuring they are administered effectively. As it relates to CCE's affirmative action efforts, the Director of the Department of Inclusion and Belonging has specific responsibility to:

- advise CCE Administration Human Resources on appropriate equal opportunity and affirmative action strategies and on changes in relevant government policies, procedures and regulations;
- advise CCE Administration Human Resources on applicable policy and procedure to facilitate compliance with external regulations and with the University's commitment to diversity and inclusion, and to make recommendations to develop and/or revise Extension policies and procedures to ensure compliance;
- c) provide input to Extension's affirmative action program to contribute to the success of an inclusive environment.
- d) regularly communicate developments in the equal opportunity and diversity areas to the Extension leadership as well as those with employment administration, management, and supervisory responsibilities;
- e) collaborate with CCE's Organizational Development and Accountability Team and CCE Administration Human Resources to develop programming, in conjunction with other offices, to create a welcoming and inclusive environment for underrepresented groups, including work/life "balance" issues.

Cornell's Division of Human Resources/Department of Workforce Recruitment and Retention

CCE Administration Human Resources can consult with Workforce Retention, within the Cornell Division of Human Resources, for association-employed positions with the goal of promoting the consideration of women, persons from protected racial/ethnic groups, persons with disabilities, and protected veterans from outside the current workforce who can be recruited and hired as Cornell Cooperative Extension employees.

REVIEW OF EQUAL EMPLOYMENT AND PROGRAM ACTIVITY TO ADVANCE DIVERSITY AND INCLUSION

To carry out the association's demonstrated commitment to diversity and inclusion, continuous efforts are made to increase the diversity of the staff. Cornell and CCE's online application system provides access to a wide range of applicants. Moreover, associations have been advised to develop strategic recruitment plans to: 1) aggressively increase the overall representation of Asian/Pacific Islander, Black/African American, Hispanic/Latino and Native American staff especially in high level leadership/management and educator positions; and 2) provide employment opportunities for protected veterans and individuals with disabilities.

CCE Associations are committed to a climate free of bias, the provision of opportunities for meaningful work, and possibilities for advancement of all individuals regardless of race, color, creed, religion, national or ethnic origin, sex, gender/gender identity, transgender status, sexual orientation, age, protected veteran status and/or disabilities. Efforts to provide training, access to educational offerings, participation, decision making, and where necessary, assistance in mediating the supervisor-supervisee relationship result in an overall commitment to the long-term retention of qualified employees.

Cornell Cooperative Extension's "Open Doors, Open Hearts, and Open Minds: Statement on Diversity and Inclusion" reflects the organization's desire to have a community that reflects a wide representation of *attribute diversity* ⁵ (different personal characteristics such as race, sex, gender/gender

⁵ The term "attribute diversity" is used by Roosevelt Thomas in his book, <u>Building a House for Diversity</u>, to distinguish between the demographic aspects of individuals and the processes that are developed and implemented to create an inclusive environment.

identity/gender expression, age, national origin, religion, sexual orientation, disability status, protected veteran status, ex-offender status as well as other attributes both protected by federal and local law and generally represented in the community external to the organization) throughout the organization.

Diverse staff, volunteers, and program participants are essential for effective education in the twentyfirst century. Citizens must be able to work effectively in groups with colleagues of different backgrounds and must be open to new ideas, perspectives, and the rapid pace of change. The new work environment, whether in business, industry, academe, government, or social services, requires greater collaboration and cooperation across differences.

To carry out the association's demonstrated commitment to diversity and inclusion, there will be continuous outreach efforts to increase the diversity of staff to reflect community demographics in race and gender consistently throughout senior professional and management positions, as well as provide employment opportunities for individuals with disabilities and protected veterans.

To evaluate the effectiveness of these recruitment plans, an in-depth analysis of the total employment process will be completed by CCE Administration Human Resources to determine whether and where impediments to recruiting exist in the CCE Associations. Therefore, pursuant to 41 CFR 60-2.17 (b), (2),(3), and (4), the following will be evaluated:

- a) personnel activity (applicant flow, hires, terminations, promotions and training opportunities) to determine whether there are selection disparities;
- b) compensation systems to determine whether there are gender, race, or ethnicity-based disparities;
- c) selection processes and recruitment and referral systems to determine whether they result in disparities in the employment or advancement of minorities or women; and
- d) temporary placements and term appointments to determine whether there are disparities based on race or gender.

Pursuant to 41 CFR 60-2.17(a), the extent to which the Executive Director of the association achieved equal employment and program opportunity and to which his/her staff implement affirmative action goals will be used as a measure in performance appraisals and related salary-improvement actions. These factors are considered along with other criteria, including quality, effectiveness and efficiency of their operations; personnel development and morale, and contribution to the achievement of system-wide objectives.

Holistic View of CCE Association Community Members

The association benefits when staff are viewed and respected as whole persons with identities and lives that extend beyond the workplace. Associations and program areas recognize the need for flexibility

within their organizational culture and are encouraged to make a commitment to address work/life issues for staff through wellness activities, employee celebrations and recognition, flexible work arrangements, and employee assistance programs like <u>TotalCare EAP</u>.

CCE benefits from a flexible organizational culture that prioritizes continuous, collaborative, crossorganizational learning through effective and ongoing formal and informal educational programs for staff on issues of diversity and inclusion, discrimination, harassment, and conflict resolution. The educational programs include skills development workshops, mentoring, newsletters, networking, and community service. Employees may be granted release time for job-related courses taken during normal working hours with their supervisor's approval.

General Organizational Culture and Processes

Staff and management share responsibility for upholding Extension's organizational values and achieving clear organizational goals and objectives in a mutually respectful work and educational environment. To assist in achieving this goal, new employees participate in an orientation program. During orientation, staff learn about CCE's mission as well as the history of CCE's commitment to diversity and inclusion.

CCE is committed to creating a professionally nurturing environment in which all staff have access to opportunities for personal and professional growth. As a result, a number of services are available to employees. See options on the CCE website under the <u>Belonging</u> section.

The association uses performance review to encourage dialogue between supervisors and staff. The dialogue process is designed to improve job understanding, promote more effective job performance and employee development, and encourage the flow of communication between supervisors and employees.

CCE Administration convenes meetings to provide information about diversity, equal opportunity and affirmative action with the CCE Association Executive Directors and supervisors. *Effective communications and information sharing; collaborative conflict resolution; and proper complaint procedures* are examples of professional development opportunities to improve general organizational culture and processes. CCE strives to provide an environment in which all members who desire to contribute to improving the environment can actively participate in the work and learning processes. CCE encourages the self-assessment of organizational norms and practices to identify barriers to being inclusive and to support collaboration, learning from difference, and incorporating the synthesis of divergent perspectives in participatory decision-making.

CCE is committed to creating, supporting and utilizing formal and informal systems of communication to ensure that information is shared equitably, and that information flow is in all directions and across all levels of responsibility. These communication methods also include informing staff of organizational

goals, operating environments, and expected performance outcomes.

CCE promotes progressive conflict resolution procedures that include:

- a) constructive dialogue and communication to avert unnecessary conflict and negativity, respectful conflict resolution techniques for employees, supervisors and volunteers, and third-party facilitation/mediation as needed;
- b) learning opportunities for employees and volunteers in collaborative conflict-resolution techniques;
- c) CCE Administration Human Resources assistance in strategizing constructive conflict resolution.

The association's policies on workplace and sexual harassment addresses the association's commitment to a professional, harassment free workplace. Guidelines on combating harassment within Extension are available and disseminated and publicized. Brochures and free on-line courses on sexual harassment are available to CCE staff for annual up-to-date training. Posters on harassment based on EEO-protected class status are posted in the office. In addition, newsletters, electronic information, forums, workshops, and training programs reinforce CCE's commitment to support a harassment-free environment.

The <u>Diversity</u>, <u>Equity</u>, and <u>Inclusion/Belonging Teams</u> may be tasked with assisting in identifying, developing and implementing opportunities that enhance skills, knowledge, awareness and understanding for creating a culture that embraces and promotes diversity and inclusion at CCE. To this end, CCE ODA supports the knowledge, skills, and abilities of CCE staff as self-directed learners who identify and pursue opportunities to contribute to organizational goals; are willing to learn new roles and skills; are able to identify personal role and career goals; and are able to measure their own effectiveness within the organization.

CCE has implemented many programs to address diversity and inclusion within its workforce. Highlights of CCE statewide diversity efforts are on the CCE web site under the <u>Belonging</u> section.

APPENDICES

Appendix A: Job Group Analysis Based on Race and Gender (Job Group Analysis)

NOTE: The CCE Association job group availability and utilization analysis is compiled in partnership with Cornell University's Division of Human Resources. CCE Administration will share updated job group analysis when available. The data presented here dates from December 2010 and is presented by NYS Department of Labor regions which are DIFFERENT from CCE's Shared Business Network regions. Associations with 50 or more employees (Jefferson, Madison, Tompkins) are reported individually except Suffolk County which remains in the Long Island Region so there are at least two counties in that region.

Region	Location
Capital Region	Albany, Columbia, Greene, Rensselaer, Saratoga, Schenectady, Warren, and Washington
Central Region	Cayuga, Cortland, Onondaga, and Oswego
Western Region	Allegany, Cattaraugus, Chautauqua, Erie and Niagara
Southern Tier Region	Broome, Chemung, Chenango, Delaware, Otsego, Schuyler, Steuben, and Tioga
North Country Region	Clinton, Essex, Franklin, Jefferson, Lewis, St. Lawrence
Mohawk Valley Region	Fulton, Hamilton, Herkimer, Montgomery, Oneida, and Schoharie
Mid-Hudson Region	Dutchess, Orange, Putnam, Rockland, Sullivan, Ulster, and Westchester
Long Island Region	Nassau and Suffolk
Finger Lakes Region	Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, and Yates

See the following chart to locate the job group analysis region for each association:

Then find the particular job title within the region or association to determine the availability and utilization data and whether there is an affirmative action goal for that particular job title within the region or association. CCE Administration works with Cornell's Department of Inclusion and Belonging to update this data and will notify associations when more current information is available and the AADIP has been updated.

Appendix C: Guidance on Universal/Gender Neutral Restroom Use

Guidance on Universal/Gender Neutral Restroom Use

In keeping with its policy of nondiscrimination and commitment to creating and sustaining an environment that supports and value all members of our community, including visitors, CCE Administration strongly encourages associations to allow staff, volunteers, and program participants to use the restroom or facility that corresponds to their gender identity. Restrooms facilities that are physically accessible (ADA compliant) and open to people of any gender, or "gender neutral," are an important way to demonstrate our commitment to promoting a welcoming and inclusive CCE environment. Wherever possible, associations should maintain a universal/gender neutral restroom to ensure inclusive restroom facility access related to gender identity, as well as to ensure access for parents with children, other attendants/caregivers and/or individuals with disabilities.

Sexual Orientation and Gender Identity [1]/Expression [2]

It is the policy of CCE that its staff, volunteers, program participants and/or guests not be discriminated against on the basis of that individual's sexual orientation or gender identity/expression. Such a policy helps ensure that only relevant factors are considered, and that equitable and consistent standards of conduct and performance will be applied. For the purpose of this guidance, sexual orientation concerns the emotional, romantic, sexual or affectional attraction to members of the same sex, opposite sex, or both sexes. Gender identity/expression concerns how an individual perceives their own gender which may or may not be consistent with their biological/chromosomal sex assigned at birth or gender role.

Creating a Universal/Gender Neutral Restroom

Any effort to create a universal/gender neutral bathroom should include well-facilitated opportunities for staff, volunteers and program participants to learn about why universal/gender neutral bathrooms are important to your association and dialogue about any concerns they may have. If there are openly transgender members in your association, consider consulting with them privately and/or invite them into the process of creating gender neutral bathrooms if they are interested.

Options for Universal/Gender Neutral Bathrooms

- If you have one or more single-occupancy or family bathrooms, designate and label them "gender neutral" or "all gender."
- If you have three or four multi-stall bathrooms, convert one or two of them into gender neutral bathrooms. You can either keep them multi-stall or convert them to single-occupancy bathrooms by installing an "occupied/unoccupied" lock on the external door.

- If you only have two bathrooms and not in a position to build a third, consider steps you can take to make your existing bathrooms more inclusive. Labelling them so that people feel empowered to use the bathroom that is most comfortable for them and can trust they won't be harassed inside.
- If you are renting or share building space and don't have control over your bathroom facilities, consider (a) discussing your desire for universal/gender neutral bathrooms with your landlord or fellow tenants and/or (b) create gender neutral bathrooms by posting and then removing paper signs as necessary particularly when hosting CCE events.
- Be sure to have signs by your bathrooms and elsewhere that direct people to both your universal/gender neutral bathroom(s) and your gender-specific bathrooms.
- Make it clear that all people may use the bathroom that is right for them. Some transgender people desire gender neutral bathroom space; some identify as women and men and should not be pressured or forced out of women's or men's rooms. Under no circumstances should an individual be required to show identification or proof of any particular medical procedure (including sex reassignment surgery) in order to have access to restrooms designated for use by a particular gender.
- Associations may not require staff, volunteers, program participants or guests to use facilities that are unsanitary, potentially unsafe, or located at an unreasonable distance.

The information above is intended to provide guidance to CCE Associations in responding to evolving diversity trends and patterns in our community. This guidance is not intended to be prescriptive or one-size-fits-all, rather this guidance can serve associations well in addressing issues of access, equity and inclusion related to the LGBTQ community. CCE Associations are encouraged to use the guidance set forth here to inform and craft policy tailored to their unique needs and setting. For more information and resources related to the LGBTQ issues, please visit the <u>Belonging</u> section of the CCE staff website.

Appendix D: U.S. Department of Agriculture Guidance on Complaint Filing Notification Requirements

In accordance with 7 CFR 15.6 and U.S. Department of Agriculture (USDA) Departmental Regulation 4330-002, National Institute of Food and Agriculture (NIFA) grantees must provide current and potential applicants, participants, and beneficiaries with information on how to file a complaint with the U.S. Department of Agriculture alleging discrimination. NIFA grantee institutions must ensure that staff and faculty are consistently implementing the following practices in pursuance of the obligation regarding complaints of discrimination:

- 1. Advise applicants, beneficiaries and participants at the service delivery point of their right to file a complaint with USDA, how to file a complaint, and USDA's complaint procedures.
- 2. Place the USDA nondiscrimination statement for federally financially assisted programs on all print and non-print marketing and informational materials and resources, including, but not limited to, program publications, flyers, web sites, and any other materials provided to applicants and participants.
